Dr VSR Chadalavada is fully trained and accredited.

Dr VSR Chadalavada will carry out your vasectomy personally.

Choice of appointments.

Standard vasectomy procedures.

Privacy & Confidentiality.

High quality equipment.

Dr Chadalavada regularly updates his clinical knowledge.

We review and act on our patient feedback and are proud of our overwhelmingly positive review. We have a complaints procedure. We are pleased to say that we have had no complaints since the service commenced.

Clinics are held on Thursday afternoons and late Friday evenings and Operations on Thursday afternoons and Saturday mornings.
Most of our referrals are via Choose and Book through Stoke-on-Trent CCG and direct referrals from North Staffordshire General Practitioners.

Our decontamination process is on a par with minor surgery procedures and includes gown, mask, gloves, sterile fields etc. and we therefore have an infection rate of almost zero.

Our service includes:

Initial Vasectomy Counselling for all clients. This is an opportunity to exchange questions and answer. Your partner is free to attend with you should you wish. We will book your operation appointment after your initial consultation. Further information is available by reading "Vasectomy Information."

Our aims

Our aim is to provide our patients with information with which to make an informed decision about their health. We provide this in an open and transparent environment. We consider each patient individually and aim to provide a stress free but professional service.

Clinics are held at Abbey Surgery, 77 Woodhead Road, Abbey Hulton Stoke-on-Trent. ST2 8DH. Tel: 01782 542671
